

## MINECRAFT HOUR OF CODE

Students of all ages can learn to code in Minecraft Education for free!

Team up with the trusty Agent to build helpful AI-powered inventions in this year's **Minecraft Hour of Code: Generation AI!** Correct coding problems, solve fun puzzles, and use the principles of responsible AI. Explore the amazing potential of AI and the importance of fair, reliable technology. With coding in MakeCode Blocks or Python, Minecraft Hour of Code allows anyone to learn the basics of coding and how to build better AI for everyone.

Choose to complete activities using block-based coding with MakeCode or text-based with Python for a challenge!

It doesn't matter if you're new to Minecraft or new to coding – the Minecraft Hour of Code makes coding accessible and fun.
