

The
**ENDERSON
FAMILY**

EMPATHY EDUCATION @BBTNB

The Enderson Family was struggling financially to get by day to day and that was when mom was a blacksmith and dad a librarian. Times have been really tough in Minecraftia and due to The Emerald Mine closing both parents have lost their jobs. There's one more thing. Mom Enderson is expecting a BABY GIRL any day now and she can't wait to talk horses and play in castles like princesses when the new baby arrives.

The Enderson Family worked hard and still had to live in a one bedroom home for all of their son's life. Their son, named "Hmmm" (after his dad) is very talented at music and loves animals. They are thinking about naming their new baby girl "Hmmm" after her mom and grandmother.

- Here is some info about The Enderson Family in case you can help:
- They are very capable hobby farmers
 - They need at least 4 bedrooms so grandparents can visit
 - They have always wanted a basement "Man Cave" or family lounge
 - Dad loves to read (He's a librarian!)
 - Mom loves the water and her son enjoys time swimming with his mom
 - Dad Enderson and his son enjoy science and making Redstone creations
 - They would love to watch the sunset as a family each night on a balcony together above any monster that may wish to cause harm.

Can you help? Anything else you can think of to help this family is appreciated.
