

# *The* **SANDUSTY FAMILY**

EMPATHY EDUCATION @BBTNB

Dad Sandusty is serving as both Marine and Peace Keeper in The Middle East. He has been away from his wife, his six children (3 boys and 3 girls) and his two 89 year old parents for over one year and it is time to come home....but to what?

Dad is a hero who has saved many lives protecting both sides in a dispute that has been going on for 200+ years. He has made a difference and now is looking forward to family time. Back home however, everyone is staying in a tiny house owned by his elderly parents. All the kids sleep in a damp basement (They don't like basements or the dark at all) while mom is on the couch in the living room and the one bedroom remains for grandma and grandpa. What is Dad Sandusty going to do?

- If you can help in any way here is what the family is in need of as well as some interests:
- Dad loves to fish in the and providing him with a boat would really help
  - Dad also has seen enough sand so a cliffside view of the ocean with access to a dock and boat would help
    - Mom loves movies, theme park rides and sunlight
    - Mom also likes people a lot and chatting with neighbours walking by is a favourite activity
    - The 3 girls love kitty cats, movies, acting on a stage and playing Blocket Ball (a block form of basketball)
    - The 3 boys love to play BLOCKEY! (a block form of hockey) and a fake ice surface for them to play would be wild!
    - Mom wants a fence or wall around the yard to keep her 6 kids from straying too far.....especially near the cliff.
