

EMPATHY VILLAGE

GET TO KNOW YOUR CLASSMATES!

Hello! My name is Fred. I have a challenge for you

You have been working hard setting up slates and posters about who you are and what you like in your house. Now it is time to 'walk in someone else's shoes.

1. Your teacher will give you another number for a house. You must go to that house.
2. Learn all you can about that person. Read all the information you find in the house and look for any clues!
3. Make a presentation where you introduce this person to the world in a caring, respectful positive way!

I have listed some ideas on how you can present.

Make a Video showing the house as you talk about the person.

Make a news bulletin about an award the person wins being them.

Make a Powerpoint /Mix presentation

Make a poster and report showing a movie about their life.

Make an oral presentation

Make a magazine articles about how amazing this person is.
